Dear Charles and Alumco Staff:

Success on another project!

It is wonderful when a partnership can be formed that benefits both parties, and we have done just that. Being able to discuss ideas and challenges and finding resolution is so rewarding. Our latest project of rebranding was a success because of you. For something so large with a complex set of details, it seemed to flow flawlessly. We are still trying to catch up with your efficient turn-around time. Everyone involved did a fantastic job. Please tell everyone "Thank You" from all of us. We also appreciate Charles and his design expertise.

You are a great team to have in our corner.

Sincerely,
